Disclaimer

The coverage and reimbursement information provided by Ferring is intended to provide general information relevant to coding and reimbursement of Ferring products only. Coverage and payment policies for the same insurer, such as Medicare, can vary from one region to another and may change from time to time because of ongoing changes in government and insurance industry rules and regulations or the patient's specific benefit design. Please confirm HCPCS codes with the Pricing, Data Analysis and Coding (PDAC) contractor or your local DME MAC before processing claims. Ferring does not guarantee coverage or payment of its products.

The potential codes are provided for informational purposes only. Providers must use their independent judgment to select the codes that most appropriately describe the items or services provided to a patient. Providers are responsible for compliance with Medicare and other payer rules and requirements and for the information submitted with all claims and appeals. Providers should review applicable payer instructions and requirements and confirm the accuracy of their coding or billing practices with payers before claims or appeals are submitted.
